Moscone Convention Center, San Francisco, CA**

- **O-Rings • Custom Molded Shapes • Composite Seals • Metal Seals**

Parker's seals can stand up to the toughest sealing challenges, with broad chemical resistance, excellent thermal stability and ultra-high purity processing.

- **Valves • Pressure Regulators • Flow Controls**

Parker Veriflo adds springless and tied diaphragm cylinder valves; a VMB pressure regulator; and a high cycle life fluoropolymer 3/4" orifice valve to our extensive UHP product line.

- **Positioning Systems • Servos • Controllers • Drives • Gears • HMI**

Parker Automation is a leading edge solution provider for the latest technologies in process applications such as, FPD, SEM, ADI, wafer inspection, metrology, printing, lithography, and material handling.

**Bring this card for your  
chance to WIN a 15" LCD TV.**
